Attendance in ReportWriter and SP SIS

Attendance for independent study students is reported by teachers through ReportWriter. The attendance clerk can check on attendance claims by teachers and create several reports through School Pathways SIS. The following is a synopsis of each area of Attendance.

Teacher's Attendance Claim Process

A primer on ReportWriter: Teachers work in ReportWriter to create master agreements, assignments, and assignment and work records. Assignment and work records are created according to the learning period dates for the student (beginning date when work is assigned and ending date when work is due). These dates often reflect your monthly attendance calendar. The amount of work assigned should be the amount that is equivalent to work a student would complete in a seat-based school program. When a teacher receives completed work back from a student at the end of the learning period, that teacher must evaluate it for not only the quality but for the amount completed. The amount completed will signify the number of attendance days a teacher can claim for that student during that learning period.

Once work is evaluated for attendance purposes, the teacher claims attendance through the ReportWriter program. The teacher clicks on "Report Attendance" and the possible attendance days for that particular student are populated on a computerized form.

The screenshot shows the 'Independent Study Attendance' form for student Broderick, Samantha. The form includes a table with columns for dates from Monday, Nov 5 to Friday, Nov 30, and a 'Total' column. The 'Attended' row shows green checkmarks for all dates, and the 'Total' column shows '15 / 15 0:00'. There is a 'Check / Uncheck All' checkbox and a 'Save' button.

Date:	Mon Nov 5	Tue Nov 6	Wed Nov 7	Thu Nov 8	Fri Nov 9	Tue Nov 13	Wed Nov 14	Thu Nov 15	Fri Nov 16	Mon Nov 19	Mon Nov 26	Tue Nov 27	Wed Nov 28	Thu Nov 29	Fri Nov 30	Total

When attendance is claimed and saved, the attendance claim is sent through the Internet to the school office.

School Pathways SIS Attendance Procedures

Within School Pathways SIS, the following functions are available:

Attendance Claim Status Report

This allows you to create a report that shows attendance claims made by teachers between certain dates with the following color coding: R (Red) means Not Claimed; Y (Yellow) means Claimed, not yet verified; and G (Green) means Claimed and verified. Using this report allows the attendance clerk to see very quickly the teachers who have not claimed any attendance, those who have claimed electronically, and those who have verified their claims with a paper copy signed and dated.

Confirm Attendance Report

An Attendance Report contains a special, unique number.

By entering that number here, you are certifying that you have a copy of the attendance record in hand with a verified signature.

If this is not the case, you most certainly should not be entering anything in here.

Claim Authorization

Allows teachers to make a formal change to their attendance once it has been verified with a signed and dated attendance form.

1. Teachers go into a student file in RW that needs changed.
2. Once in the attendance reporting page in RW, the teacher calls the office to get a claim number.
3. Teacher types the claim number into the box available on the attendance page, changes the attendance claim and reprints the form. The new form must be signed and dated and sent in to the office. This new form becomes the new attendance report that is filed at the main office.
